

# Welcome to Singapore

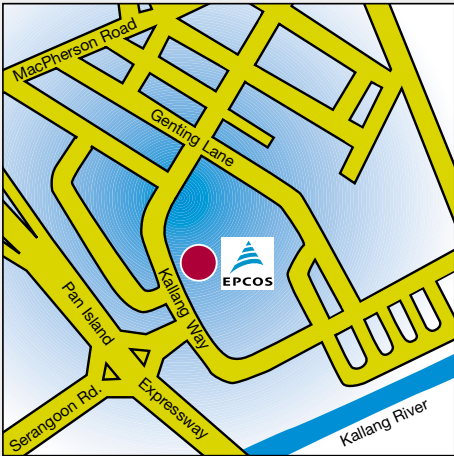

SAW Components, SAW Design Center,  
Sales & Marketing, Central Departments

# The Singapore Location

In the south-east of Singapore, close to the Pan Island Expressway towards Changi Airport at 166 Kallang Way, you will find the following departments:

- Production of SAW components
- SAW Design Center
- Sales & Marketing Asean
- Central departments

# How to Get There

## By plane

On arrival at Singapore Changi International Airport, we recommend that you take a taxi to Kallang Way (about 16 km/15 minutes).

Alternatively, you may take the MRT train (East-West MRT Line) from the airport and get off at Kallang MRT station. Continue the short trip from Kallang MRT station to Kallang Way by taxi.

## By ferry

### From Batam Island, Indonesia:

On arrival at World Trade Centre Cruise Centre, we suggest that you take a taxi from World Trade Centre to Kallang Way (about 14 km/ 15 minutes).

### By car

#### **From Johore, Malaysia via the Causeway-Woodlands (about 25 km/20 minutes):**

After Woodlands Checkpoint, head straight for BKE (City) and connect with PIE (Changi Airport). Stay on PIE and follow the signs towards Changi Airport. Turn left at Exit 13B, Kallang Way and left again at the first traffic light. Proceed straight down

the road; EPCOS is the second building on your right.

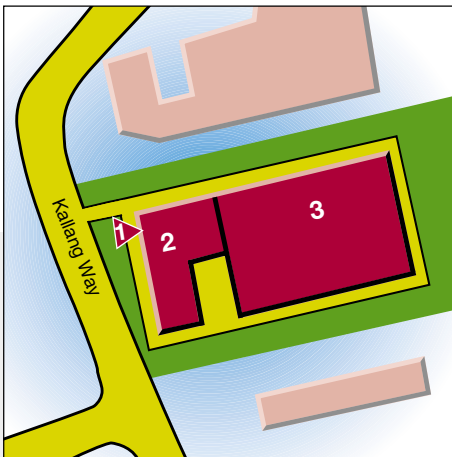

### By car

#### **From Johore, Malaysia via the Second Link-Tuas (about 35 km/30 minutes):**

From Tuas Checkpoint, head straight for AYE (City) and turn left into PIE (Changi Airport). Stay on PIE and follow the signs towards Changi Airport. Turn left at Exit 13B, Kallang Way and left again at the first traffic light. Proceed straight down the road; EPCOS is the second building on your right.

AYE: Ayer Rajah Expressway  
BKE: Bukit Timah Expressway  
PIE: Pan Island Expressway  
CTE: Central Expressway  
ECP: East Coast Parkway  
TPE: Tampines Expressway  
SLE: Seletar Expressway
